

Excellent Recognition – EWP

The Library of Strahov Monastery in Prague, Czech Republic. One of the greatest libraries in the world.

We have not achieved the recognition of the Strahov Library in Prague, but we

invite you to do an internet search on “[**expanded worldwide planning**](#).” This concept that we have championed for years is finally receiving the attention it deserves. [**Wealthy families around the world**](#) are now receiving the [**six principles of Expanded Worldwide Planning \(EWP\)**](#) through properly designed [**Private Placement Life Insurance \(PPLI\)**](#) policies.

We welcome your comments and questions. All the best to you and your families in these trying times. Yes, it is difficult, but, as always, new opportunities are created in the midst of uncertainty and hardship.
